

**All your parental engagement tools in one place**

**Care Diary and Accident Forms**

**Activities**

**Documents**

**Reports**

**Memos**

**Observations**

Communicate instantly through the comments tool.

All relatives with parental responsibility are immediately notified when an accident form has been signed off.

Attach: photos, videos (up to 10 minutes or 5GB), audio files (up to 30 minutes), PPT, PDF, Word and Excel.

Link to external resources i.e. YouTube, websites of interest, etc.

Families receive notifications.

Get parents to sign the accident forms directly from your tablet or ask them to sign a paper copy.

Keep families informed of meals, sleep checks, nappy changes, milk feeds, etc.

Set up homework and activities to do at home or at your setting/school. Parents and children can quickly reply with an observation for you to see the results of their work. Edit these observations to add a flag or assessment.

Families receive notifications.

Upload: PPT, PDF, Word and Excel.

Create reports to share with families and celebrate together.

Share school/setting-wide documents of interest: policies, risk assessments, school/setting contact information, term dates, inset days.

Parents and carers can see, contribute, comment on and sign reports.

Families receive notifications.

Send letters and newsletters home to specific parents/groups.

Share timetables with specific parents/groups.

Families receive notifications.

Link to external resources i.e. website of the museum the children are visiting.

Show families at home what their children have been up to.

Families receive notifications.

Send reminders home.

Attach: photos, videos (up to 10 minutes or 5GB), audio files (up to 30 minutes), PPT, PDF, Word and Excel.

Link to external Resources i.e. YouTube, websites of interest, etc.

Celebrate milestones, unique moments, learning opportunities.
