

CHESHIRE EAST CARERS' HUB

We are excited to share that Making Space will be the new provider of Cheshire East Carers' Hub from 1 January 2023, an essential service offering vital support to all age carers in Cheshire East.

At Making Space, co-produced services is one of our strategic commitments and we are holding an adult carers pre-launch event on **Monday 5 December between 11am - 1pm at The Assembly Room, Town Hall, Macclesfield, Cheshire, SK10 1EA**, to hear from you about what you want from your service.

The hub will continue to ensure that carers of all ages have access to information, advice and a wide range of support services across the county and nationally.

Refreshments and festive treats will also be available along with the opportunity to look at some of our courses, activities and groups we deliver in other parts of the country.

BOOK YOUR PLACE TODAY BY
