Did you know?

90% of the UK population (over the age of 9) is deficient in selenium (an essential antioxidant).

Do you want to know MORE about NEMi Milk?
www.nemi-dairy.co.uk

Selenium is vital for your immune system to function properly. Without enough selenium our body's ability to fight illness and infection is greatly reduced.

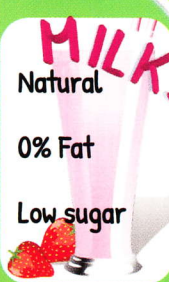

COMING SOON!

Fresh and delicious

Strawberry and Banana Milkshakes available shortly!

NEMi Milk is naturally enriched with selenium which enables your immune system to perform at optimum levels for whatever life decides to throw at you.
